6173 Clear Film Application Tape

Technical Data

Product Description:

The 6173 is an economically priced, clear embossed polypropylene film with medium tack acrylic adhesive specially designed for the clean pick-up and transfer of lettering and graphics. It is wrinkle free and leaves no residue or oil. The tape is release coated for easier unwind and the clear color denotes standard adhesion (part of Presto’s easy identification system). The 6173 is an all purpose tape for the majority of sign-making applications. It is especially good for use with small and medium size plotters.
